Control. Refine. Finish.

Thank you for joining me for Control. Refine. Finish! I’m excited to spend the morning with you as we focus on creating clean, controlled enhancements from application through the final finish. Using the Diamond Essence Cool Gel System, you'll work through practical techniques designed to help you gain control, refine your work, and create a more intentional finished nail.

Student Supply List

- At least one gel polish color of your choice
- LED/UV Curing Lamp
- E-file and your preferred bits
- Hand Files (100/180 and 180/240 grit recommended)
